NO CLEAR MYSTERY.

Woman in Case Will Tell.

Promises to Confess All She Knows of Blackmail of Warriner.

Quarrel With "Friend," Also Implicated, Breaks Her Silence.

Shortage Mounts Higher as Probe Goes Deeper Into Tangle.

(ASSOCIATED PRESS NIGHT REPORT.)

CINCINNATI, Nov. 10.—Mrs. Jeanette Stewart, also known as Mrs. Ford, one of the women accused by Charles L. Warriner, the defaulting local treasurer of the Big Four railroad, of having shared in his peculations by blackmailing him, declared tonight that she would tell the whole story of the \$642,000 theft when the case came to court.

At the same time, Mrs. Stewart denied she had ever received money from Warriner. The sudden breaking of the silence she has persistently maintained was occasioned, owing to her own statement, by a quarrel which she had with another woman, who has also been mentioned by Warriner. This quarrel resulted in the attachment of Mrs. Stewart's furniture today. The officers who made the attachment were quickly followed by reporters, and in the stress of excitement, Mrs. Stewart's reserve broke down.

"I never received a cent from Charles Warriner," she said, "and I never gave any information to the railroad about his shortage. It was another woman who did it; a woman I thought was my friend. I know the whole story, and I will tell it in court, and it will make a sensation."

Mrs. Stewart declared the mysterious woman was responsible for much of the activity since the defection became known.

"This woman," said Mrs. Stewart, "I took into my flat and she occupied it for a week or two. I thought she was my friend. She went to a department store and guaranteed my accounts there. Now we have quarreled and she has gone up there and withdrawn her guarantee, resulting in this suit against me."

Mrs. Stewart's whereabouts was found through the taking out of attachment papers, seeking to recover certain goods sold to her by a department store, in this city. She is well known here and in Chicago, where she figured in a number of affairs. She has been a volunteer prisoner since the developments in the Big Four shortage.

While in Chicago she was a defendant in a prosecution in which she was charged with having attempted to shoot a man, the latter also being named by Warriner in connection with the alleged blackmail.

Detectives discovered that a large amount of mail was awaiting at a leading hotel, which she had left some time ago without giving any forwarding address.

It was stated also that she had deposited at the hotel a large sum of money. It is not known whether there will be any effort to ascertain the source of this money.

Mrs. Stewart explained her lavish expenditure of money by saying that, as the daughter of Martin Timmons of Portsmouth, N. H., she had inherited a large fortune. She denied informally New York officials of the Big Four shortage, blaming this also upon her woman friend.

One of the women involved in the

OFFICIALS OF THE KRUPP GUN WORKS TO RETIRE.

Policy Dictated by "Richest Girl in the World" Heirless to Germany's Huge Cannon Plant, Said to Have Resulted in Trouble With Her Business Advisors.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, Nov. 10.—[Exclusive Dispatch.] Strife among officials of the Krupp Gun Works at Essen, is attributed by some to the policy of management dictated by Mme. von Bohlen und Halbach, formerly Bertha Krupp, noted as the "richest girl in the world." It is even hinted that some of her chief business advisors have been unable to agree with the woman who inherited the great Krupp properties, and have complained of her "temper."

It is announced in several Berlin newspapers that changes are to take place at once in the management of Krupp's works. The chairman of the board of directors, it is said, will resign, and several other officials connected with the great manufacturing concern, including the head of the armor plate department, will retire.

The Essen correspondent of the Lokal Anzeiger states that one of the new directors who has been for some time "head of the political department of the firm of Krupp," is about to take over the management of an "evangelical daily paper," which the firm has acquired.

Disension in the management of the Krupp interests followed a domestic breach, which, it is believed several months ago, would result in divorce proceedings between Herr von Bohlen und Halbach and the principal heir of the great ironmaster.

BURNS FLEES EAST; DROPS FAT SALARY.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 10.—[Exclusive Dispatch.] One of the campaign pledges made by Charles M. Fickert as a candidate for District Attorney was that he would unite his energies in an attempt to eliminate the "sunshine brigade" of which he repeatedly accused William J. Burns, Chief of Detectives in the so-called graft cases, of being the head and guiding spirit.

Fickert many times reiterated the statement that his first duty would be to relieve Burns from the position he has occupied ever since Henry has been an assistant District Attorney. Today Burns forestalled any contemplated action of this kind on the part of the District Attorney-elect, by leaving for New York on the Overland Limited, where it is said he is presently remains. It is asserted that Burns' family will follow him within a short time and thus close the detective's association with the city.

Nominally Burns has been drawing from the county and city a salary of \$100 per month, and has been provided

SEANCE AT SEA.

Weird Happenings on Liner.

Signora Eusapia Paladino, Famous Medium, Scars Passengers.

Ghostly Hands Tap Messages on Brightly Lighted Saloon Table.

Woman to Submit to Test of Several Well-Known Scientists.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 10.—[Exclusive Dispatch.] Signora Eusapia Paladino, the medium, who has amazed scientists and laymen of Europe by the marvelous things that have taken place during her seances, arrived here today on the Prinzess Irene of the North German Lloyd line.

Her visit was brought about by some members of the Society for Psychical Research, and the money to reimburse her was subscribed by a few wealthy men, who are not only eager to see her themselves, but are anxious that the scientific men of this country have a chance to study her under conditions that will preclude all possibility of fraud.

The cooperation of such men as Prof. James H. Hyslop, Prof. Hugo Münsterberg and Dr. Isaac Funk has been procured by the society, and many other men, well known in the scientific world have been asked to attend the seances to be given by Signora Paladino. There will be fifteen seances in all, and only those who have been invited will be allowed to attend the meetings.

SEANCE AT SEA.

The seances were the first of the kind ever held on a ship. The medium, who had at around a table in a well-lighted stateroom during three different nights of the voyage and witnessed remarkable phenomena. The sittings were held on Sunday, Monday and Tuesday nights. All those who sat in the chain around the table told how the table rose from the floor; how there were knockings on the table in answer to questions asked. How on one night a ghostly figure appeared from behind the curtain that hung in the room. How an unearthly music like a face or a mask, but which was neither, was seen, and how some of them were hugged by unseen arms and kissed by invisible lips.

Signora Paladino, small, unintelligent-looking and poorly dressed, would tell nothing about herself when an attempt was made to interview her on the steamship. She seemed afraid something was going to happen to her, despite the assurances of her fellow-passengers.

A newspaper aboard was not generally known until three days after Naples was left behind. That was on October 23, Henry Herman, an American singer who had been studying in Milan, and who is on his way to Seattle, was the first to disclose the fact. He was discussing spiritualism with the Italian medical commissioner, Dr. Valentine Durante, and Dr. H. Jelden and E. Oteri, when Dr. Durante said he believed the Signora Paladino on board the ship was the medium.

She first denied her identity, but later admitted it.

PHENOMENA REMARKABLE.

Those at the seance assert that two of them held Signora Paladino's hands and had their feet on her feet during the seances, and, while the room was well lighted, they could give no reason for what they saw.

"Two electric lights were burning," said a Mr. Herman, one of the party. "The door was closed and locked and the ports were closed. We placed our hands on the table, our fingers connecting so as to form a complete chain. I held one of her hands and held it tightly, too."

"Immediately I felt three raps on my chair and one on the back of my neck. One of the young ladies was frightened and hysterical and I changed places with her and let her hold the hand of Signora Paladino. Then this girl said there was a hand on her shoulder and one on her ankle. We broke the chain and the feeling passed over."

"A few seconds after we joined hands again a ghostly hand appeared just outside the curtain that hung from the upper bunk. The hand moved around the room and then rested on the shoulder of the ship's surgeon. In a second the surgeon cried out: 'I am being embraced.'"

SURGEON FRIGHTENED.

"Then came a gust of wind, although the door and windows were closed, and the curtains were blown around the surgeon's neck. He ran out of the cabin and would not join us again. 'Dr. Oteri sat in the chair vacated and called for the spirit of his father. A mass of something appeared. It was like vapor and seemed at first to be established on a side of it dark. It was unsteady. I was scared and I guess the rest were too. Then the table rose two feet from the floor and fell back with a crash.'"

During the seance Mr. Herman said the medium was groaning.

OLD SCANDAL STIRS IN STEINHEIL CASE.

(ASSOCIATED PRESS NIGHT REPORT.)

PARIS, Nov. 10.—Testimony today in the trial of Mme. Steinheil, bearing on the case, and twice has been given by her, has been so interesting and so full of what- ever scandal and drama she pleased. "You may name whom you will," he said to her.

No servant ever fought more loyally for her mistress than did Mariette Wolf. When the judge had led her through a labyrinth of contradictory statements he suddenly challenged her with this abstract from her original deposition.

"When Mme. Steinheil learned that her husband was dead she ejaculated: 'At last I am free.'"

Without the least hesitation, the servant replied: "No; I have been misquoted. What Mme. Steinheil said was: 'At least I am alone.'"

The witness insisted the wife was devoted to her husband. The woman's testimony aroused much interest in the courtroom, as she is suspected of holding the key to the mystery.

As a witness she was reticent and volunteered nothing, replying frequently: "I do not know," or "I do not remember."

She testified Mme. Steinheil had known all the Wolf children, but Alexandre, whom she once accused, least of all. She admitted her mistress addressed Alexandre by a familiar appellation.

TALE OF INTRIGUES.

Judge De Valles induced the witness to describe the Steinheil home and tell how Mme. Steinheil had leased "Green Lodge" in order that she might there receive her lovers. It was when she had expressed the opinion that Adolphe Steinheil was ignorant of his wife's intrigues that the witness was confronted with the deposition which she made for the police soon after the tragedy.

Mariette Wolf contradicted testimony given yesterday by Barby, the newspaper photographer. She had never stated, as Barby had said, that Judge De Valles, however, evidently

SUBMARINE EARTHQUAKE?

TERRIFIC STORM HITS JAMAICA; CABLE STILL.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 10.—Some violent undersea disturbance, possibly an earthquake, is believed to have been responsible for the interruption of cable service with the West Indies the last few days. Although a message from Kingston, Jamaica, reporting a disastrous windstorm and flood on the island, got through by a circuitous route today, officials of the Commercial Cable Company say that such a storm would not affect the cable. For this reason it is believed that something unusual has happened to the ocean's bottom.

HALIFAX FAILS TO CONNECT.

HALIFAX (N. S.) Nov. 10.—Jamaica has been cut off from the outside world for nearly five days as the result of a hurricane that began there Saturday night.

Owing to the unusual interruption it is feared here that great damage has been done. Jamaica is in no condition to stand another disaster. Upon the crops, which were ripening, depends the future financial standing of the island, which was swept by a hurricane four years ago and suffered a serious earthquake and fire in 1897.

WELCOME HOME.

Big Crowd Greeted President.

Chief Executive Hurriedly Escapes to Mrs. Taft at White House.

Thirteen-Thousand-Mile Trip Through West and South Is Ended.

Traveler Says He Feels Better Than When He Started in August.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 10.—After an absence of more than three months, during which he has made a 13,000-mile trip through the West and South, President Taft slept tonight in the White House.

He left the capital August 6, with the cheers of the crowds ringing in his ears. He returned today to the tune of the same cheers, but he carried only a moment with the welcoming parties. His objective point was the White House and Mrs. Taft, and as quickly as he could get away from the brief welcome, he climbed into his big automobile. The chauffeur broke all the speed records of the District.

There was no demonstration at the White House. The special police there kept the curious outside the grounds, and when Mr. Taft alighted and ran quickly up the steps, he turned for a moment and waved a smiling farewell to Fred Carpenter, his secretary, Col. Spencer Crosby and Capt. Archibald Butt, his two military aides, who had accompanied him from the station.

Then the big swinging doors of the White House swallowed him.

The President showed hands with the two negro door men, who applied a welcome that showed every man in their heads.

FLUNKED GREEN CONTINUED.

The flunkies continued to grin long after the President had disappeared above, where Mrs. Taft had been apprised of his return. He did not show himself again tonight, but even to visit the new executive office, which was lighted and decorated for his inspection.

Two hours before the President's train was due, crowds began to fill the Union Station. There was an unusual gathering of police, secret service men and detectives. When the train rolled in from Richmond on time, there was an imposing throng on the platform. There were a few women, but for the most part the space was taken up by silk-battered crowds.

Among the throng were Secretary Carpenter, Col. Crosby, military aide to the President, and Assistant Secretary of War Oliver.

A moment before the train pulled in some diversions was caused by a committee of ten members from the Chamber of Commerce filing down the main stairway. Frock, coat and silk hatted, they marched to the platform, two abreast and took up their stand at the point where the President's car would stop.

WELCOME HOME.

When the train drew up the first person out was Capt. Butt. He was followed by Secretary of the Navy Meyer, who joined the President of the train in Richmond. Then the President, in the accompaniment of hand clapping and a few desultory cheers, stepped to the ground.

"Mr. President, I want to welcome you back to the capital on behalf of the members of the Chamber of Commerce," said President Oake of that body, capturing Mr. Taft immediately. "Thank you," replied the President, removing his hat and smiling benignly on the crowd. "I'm glad to get back. Let me see—I left here August 6, didn't I? Well, I am back again feeling just as well as when I went away—or even better."

Proceeded by Capt. Butt and followed by Secretary Meyer and a throng of personal friends, Mr. Taft then made his way up the stairs to the waiting-room set aside for the President's use. Every one except members of the Cabinet was excluded. In spite of the "dress rehearsal" of the Cabinet held at the Department of Justice last Monday night, there were some violations of ethics in wearing apparel. Secretary Nagle donned a white tie with his frock coat, and silk hat and this lapse seemed to jar the aesthetic nature of some of his fellow-statemens.

CABINET MEMBERS LEAVE.

In any event Secretary Nagle and five other members of the Cabinet disappeared quickly, leaving Secretary Knox and Postmaster-General Hitchcock with the President. The three conversed earnestly for two or three minutes, after which Mr. Taft made his way to the White House automobile. The President did not appear to have been fatigued by his long trip. Apparently he was no stouter than when he left, although it was whispered among his intimates that he had picked up several pounds. When asked about it he laughingly spread out his arms and invited inspection.

When President Taft spoke at the city auditorium in Richmond this afternoon he made his 26th speech of the long trip, which, according to the library, covered 12,769 miles, but with side trips amounted to more than 13,000 miles.

During the trip from Richmond the

CONFESSION OF FRAUD BARRED.

Investigating Judges Balk State's Attorney.

Statement of Alderman's Man Is Not Admitted.

His Tale of Jury "Fixing" Is Not Heard.

(Associated Press Night Report.)

CHICAGO, Nov. 10.—When the judges' committee convened here today, another surprise was sprung, revealing in interest that of yesterday, when the judges and the state's attorney clashed.

State's Attorney Wayman offered to introduce an alleged confession, signed by Nicholas J. Martin, relative to alleged tampering with jury drawings in the commissioners' office.

Martin is the private secretary of Alderman Michael Keena of the First Ward, and is now under indictment with jury commissioner John Howard and John Rayburn, for alleged complicity in the jury fixings.

Judges Barnes, Honore and Rinaker, the investigating committee, decided the confession was inadmissible, and declined to permit it to be read.

The alleged confession of Martin, according to the state's attorney, tells a story of repeated meetings between Martin and Rayburn, with assertions that different jury drawings had been tampered with.

The prosecutor says that Martin admits that he had agreed to furnish Rayburn with a list of names of men who would be amenable to outside influence should they be called as jurors in the trial of Police Inspector McCann, recently found guilty of accepting money from improper persons for protection.

The judges gave state's attorney Wayman permission to file the alleged confession, which has been repudiated by Martin, but would not allow him to read it as evidence. The state's attorney then withdrew the document, and declared his case closed.

The hearing will be resumed next Wednesday.

MRS. SOL SMITH TO APPEAR.

Oldest Actress in the United States Will Play in the New Theater Tonight.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Nov. 10.—(Exclusive Dispatch.) Mrs. Sol Smith, who at 73 is the oldest living American actress in active stage work, will appear tomorrow night as a member of the New Theater Company in "The Cottage in the Aik."

For many years she was in the support of Mrs. Sothern and Mrs. Marlowe. She returns to the stage under singularly pleasing circumstances. For a year she has been ill and compelled to relinquish all professional work. To celebrate her restoration to health, as well as her appearance at the forces of the New Theater, the Professional Woman's League, of which she is third vice-president, will be represented by fifty members at the performance. They will present a basket of flowers to her.

Mrs. Smith's role is that of a drunken old maid, confined to an invalid chair throughout the play.

MOONS ARE PARTED.

Lady Moon Gets Divorce and Promises to Pay Sir Cecil Small Alimony.

(BY DIRECT WIRE TO THE TIMES.) FORT COLLINS (Colo.) Nov. 10.—(Exclusive Dispatch.) A five-month divorce this afternoon put an effective and permanent stop to the domestic troubles of Sir Cecil and Lady Moon. Lady Moon got the decree and Sir Cecil by compromise out of court, will receive \$250 permanent alimony.

The granting of the divorce settles the claim entered in the Denver courts a short time ago by Sir Cecil for \$81,000, he alleged to have given his wife in the shape of securities, when the couple were touring England some years ago. The suit in Denver will be dismissed.

The agreement between the couple has not been fully drawn but Lady Moon is to pay Sir Cecil \$250, a small sum compared to what he is said to have turned over to her. But he is apparently happy to get off as he did. The divorce was granted on the simple grounds of desertion and non-support.

Agents Buy Huge Tract in Texas Where Rice and Cotton Will Be Raised.

(BY DIRECT WIRE TO THE TIMES.) GALVESTON (Tex.) Nov. 10.—(Exclusive Dispatch.) S. Kira and M. Saire, representing a syndicate of Japanese merchants and the government bank at Tokyo, closed a deal for 154,000 acres of land in Nueces, Hidalgo and Cameron counties, Tex., upon which Japanese will be colonized.

The lands will be devoted to the cultivation of rice and cotton, with cotton predominating. Kira said his countrymen had given a great deal of study to cotton growing, and will go to cotton raising on a large scale. The product will be exported direct to Japan. He admitted interests he represents expect to buy \$50,000 acres more in the Southwest.

WELCOME HOME.

(Continued From First Page.)

President had an extended conference with Secretary Meyer, disposing of a number of matters that have been pending in the department including the scheme of reorganization. The result of the conference will be announced after Secretary Meyer has worked out the plans.

STAY WILL BE BRIEF.

President Taft declared that excepting for his impatience to be with Mrs. Taft again, he would not mind if the trip continued two or three weeks longer. He has been greatly fatigued at the end of some of the long programs of entertainment in a number of cities, but a good night's sleep always put him in the best of shape.

The President will not see any callers at the White House tomorrow and if he visits the executive offices at all, it will be merely to inspect the improvements.

Mr. Taft's stay in Washington will be brief, as he leaves tomorrow afternoon for Middletown and Hartford, Ct. The President returns to Washington shortly before noon Sunday and Monday he will settle down to the routine work of his office.

President Taft said tonight that he would not make any important diplomatic appointments until after January 1. He will not fill the vacancy on the Supreme Court bench until after Congress meets.

BIG TASK FOR CONGRESS.

(Associated Press Night Report.)

RICHMOND (Va.) Nov. 10.—(Exclusive Dispatch.) "During my sixty days' journey, there has been a moment or two of deliberation, and during that time I have been studying what is the duty of an executive to recommend to an incoming Congress in respect to future legislation, and when I think of the number of things Congress ought to do, I am staggered lest it may not find time to do them."

In the final speech of his 12,000-mile trip, before an immense audience this afternoon, President Taft thus prefaced a preliminary statement of some recommendations his first annual message to Congress would contain.

"In the first place, there is the conservation of our resources and reclamation of arid lands," said the President. "We have reached a time now when a great many people in the West are counting on an immediate supply of water for the land upon which they have settled, which is not forthcoming because the money applied to the reclamation fund does not come in as quickly as we expected. The price at the moment of the water is greater than the supply, because of the growing population, and we must enlarge our acreage, and the plain was sown by the reclamation of arid and swamp lands."

"Then we have a great deal of valuable coal land owned by the government," he continued. "We have a great many water-power sites, and a water of which will furnish an immense amount of power for use by electrical appliances. There are millions of acres of phosphate to be used in the fertilization of the soil."

"Under existing laws these lands are likely to be parted with merely upon a homestead settlement. They are of such peculiar value that it seems wise that the government should reserve some control over water-power, sites, and the phosphate so that they may not come into the hands of one controlling corporation, but may be retained by the government with the power to restrict the price at which the coal, or at least at which the power is sold to prevent the absorption into one company of all the power on the continent."

"Then we have the anti-trust law on our hands for enforcement, and the arrangement of departments of government in such a way as to make it more effective, if possible."

SPECIAL RAILROAD COURT.

"Then there is the Interstate Commerce law, which certainly needs amendment in order to give the Interstate Commerce tribunal more power to prevent delays now incident to appeals to the courts. In my judgment the best way is to create a special court and have a court that is charged

with the practice in regard to railroads so that the matter can be promptly disposed of."

"Then I am strongly in favor of a postal savings bank. I know that in that proposition I come up against a great many conservative bankers and also of a great many who doubt the wisdom of extending patronage in the government. Where it happens that the government is so situated that it can do a thing better and more economically than individuals can do it, and can supply a want for a means of thrift, I am in favor of its doing it."

The monetary reform is under consideration by a committee. I am hopeful that the commission may present the conditions that exist here and the conditions as they exist in Europe and in this way point out to us some steps that may be taken to reform what is certainly today nothing but a patchwork."

MACHINERY OF LAW.

"Then there is another subject that is very near to my heart. We must improve our legal procedure so as to make it both in criminal and civil cases more simple, more rapid and less expensive and mean to recommend to Congress the appointment of a committee to take that subject up with respect to the Federal procedure and then if by the President, I think we achieve a result that commends itself to the people."

Mr. Taft said he believed the time had come for the organization of a Federal health bureau.

"That is a pretty long list of things to do, but if we set our shoulders together, we can do a lot in one or two sessions of Congress," continued the President.

"Referring to his abowed policy of showing his consideration for the South by appointing to Federal office in the South men whose appointment would be a memorial in honor of the Southern statesmen who died in the Civil War, Mr. Taft said he would continue to do so."

MUTUAL ADMIRATION.

"We have reached a point, I am glad to say, when the North can admire to the full, heroes of the South, and the South admire to the full heroes of the North," Mr. Taft said. "There is a monument in Quebec that always commends itself to me—a monument to the memory of the battle of the Plains of Abraham, and on one face of that beautiful structure is the name of William Pitt, and on the other the name of Wolfe."

"That always seemed to me to be the acme of what we ought to reach in this country and I am glad to say that in my own alma mater, Yale, we have established an association for the purpose of erecting within her academic precincts a memorial in honor of the Northern Yale men who died, and the Southern Yale men who died, but to the Yale men who died in the Civil War."

"And so I venture to hope that the project suggested by my predecessor, President Roosevelt, may be alluded to by the President of the United States, and I take this opportunity to express my deep sympathy in that movement and my desire to aid it in every way possible and proper."

STOMACHS REBEL.

(Associated Press Night Report.)

WASHINGTON, Nov. 10.—So wide is the difference between the fare obtained on a Mississippi River junket with the President and that upon which they had to subsist when traveling by rail from New Orleans to Washington, that the stomachs of two Congressmen, who had to fatten on the one and starve on the other, were not proof against the ordeal. Only yesterday afternoon did Representatives J. David Foster of Vermont and Philip F. Campbell of Kansas emerge from their rooms in this city, whither they were driven immediately upon their arrival in the city last Friday by an acute attack of what was designated ptomaine poisoning.

Somewhere en route from New Orleans, the Congressmen consumed something that had managed to wriggle past the pure-food inspectors. Their stomachs, pampered by the hospitality encountered along the Mississippi, rebelled so vigorously that it was about all the two sufferers could do to make their way to their apartments before collapsing. There it required a physician's best efforts to put them on their feet again.

Wonderful cures are being wrought at Pae House Hot Springs. Rheumatism, gout, bladder, kidney and stomach troubles give way to the hot mineral water and mud bath treatments. Write Frank W. Sawyer, medical director.

TERRIFIC STORM.

another earthquake had occurred at Jamaica.

Bull's Bay, referred to in the Colon dispatch, is about ten miles from Kingston, and is the headquarters for outgoing cable lines. Another cable station is at Holland Bay, at the southeast extremity of the island. The cable lines from this point have been working steadily, and apparently without interference, but all the land lines from Bull's Bay, or Kingston, to Holland Bay are down.

The Western Union company in New York said last night (Wednesday) that probably sufficient repairs would be made, according to advice from Holland Bay, by noon Thursday, to permit the transmission of messages and the forwarding of details regarding the nature of the disturbance at Kingston and the damage done.

At the time of the great earthquake at Kingston in January, 1907, that city was cut off for a time from cable communication, but dispatches came through by way of Holland Bay.

KINGSTON CUT OFF.

(Associated Press Night Report.) SANTIAGO (Cuba) Nov. 10.—No details of damage done by the storm that swept over the island of Jamaica have reached here. While cable communication between Santiago and Holland Bay, Jamaica, has not been interrupted, the latter place is not in touch with Kingston, because the government telegraph lines are down. It is believed that Kingston and vicinity suffered more than any other part of the island, but the extent of the damage cannot be ascertained.

Fountain L. Thompson Carries for North Dakota Senatorial Prize. Bourbonne Surprised.

(BY DIRECT WIRE TO THE TIMES.) BISMARCK (N. D.) Nov. 10.—(Exclusive Dispatch.) Passing all of the favorites in the Senatorial race, Fountain L. Thompson of Cando, a dark horse, won the prize in the stretch.

The appointment of Mr. Thompson was announced from the Governor's office at a little after 5 o'clock this afternoon. The announcement of the appointment followed one of the busiest conferences that has been held among the leading Democrats of the State during the three weeks in which the Senatorship has been in the balance.

The announcement came as a surprise to the greater number of the Democrats who were in the city, and it is likely it will be an equally great surprise to the Democrats of the State.

WANDERER FOUND.

Chicago Publisher Finds His Runaway Son at the Postoffice of Kansas Town.

(BY DIRECT WIRE TO THE TIMES.) ONAGA (Kan.) Nov. 10.—(Exclusive Dispatch.) Seven years ago, O. P. Barnes, a publisher in Chicago, and his son, Ernest, disappeared. The boy left home, and until the met in the Onaga postoffice last Saturday night did the mother or father see him again, despite diligent search.

Ernest Barnes, lying on a sick bed in Onaga, suffering from a broken heart, was practically penniless, saw one day in a newspaper a plea from his mother, asking him to come home. He wrote her the letter so longed for. It took until today to convince the young man that home was the place for him. Young Barnes will take a place in his father's publishing house, and the firm will hereafter be known as "Barnes & Son."

IDENTITY A MYSTERY.

NEW YORK, Nov. 10.—With death, to every appearance, near at hand for the woman and man injured in an automobile accident on a Long Island highway last night, the identity of both victims remains a mystery. The name of Gertrude Magoon of Brooklyn, given by the young woman, and that of Frank Gorrey of Manhattan by the man are believed to be fictitious, as were the addresses of the six other men and women in the machine.

The number on the wrecked car was that of an automobile owned by Robert W. Wamaker. Gorrey insisted, however, that the machine was his own. South Main street. Phone 1092, Main 310.

TO CLEAR MYSTERY.

(Continued From First Page.)

case started to leave Cincinnati tonight, but was advised by the detective that if she left the city her arrest would follow. She then abandoned the plan.

What became of the \$242,000 that Warriner admits having stolen is the question now pending the railroad officials. Warriner claims to have lost it in stock gambling and in satisfying the demands of blackmailers, but that explanation is not satisfactory to the officials.

The stock plunging of the defaulting treasurer was conducted through New York and Chicago brokers, according to his confession, but so far investigation has failed to trace the enormous losses he claims to have sustained in the last few years. Whether Warriner is penniless, as he asserts, his neighbors at his home in Wyoming O. declare he is a physical wreck.

It is admitted by railroad officials that Warriner might have continued his depredations indefinitely if he had not been betrayed by a woman.

WARRINER ILL.

A physician was summoned to the Warriner home during the day. It was stated that Warriner was ill, but not dangerously so.

With a shortage mounting higher as further penetration is made into the tangled affairs of the Big Four railroad's financial department, experts in charge of the examination probed today into the matter of securities, and bond issues which came under the charge of Charles L. Warriner, deposed treasurer, who is accused of responsibility for a defalcation amounting to \$242,000 of the company's funds.

Inasmuch as the shortage has grown in a few days from what was supposed to be about \$100,000, to \$242,000, still further developments along this line would not be astounding to those who are apparently in close touch with the affairs of the railroad company. One of the developments of the Warriner exposure, it is hinted here today, is likely to be the early removal of the general Big Four offices from this city to Chicago. This change had been rumored for some time, but was denied by railroad officials.

FORMER SHORTAGE.

It is learned today that Warriner in his confession to his superiors told them when he came here from Cleveland he brought with him a shortage of \$30,000 in his accounts at Cleveland. His downfall he dates from that event, having covered that shortage only to fall into the clutches of the man, who he alleges, has blackmailed him ever since. This shortage continued to grow until it was swelled to \$200,000 before he realized his position.

From a high official source, it is learned the first indication of the impending scandal in the office of the local treasurer of the Big Four came through a Chicago woman, who, it is alleged, had been sharing in the spoils and whose income had been shut off.

At first the statement of the woman was not credited, and Mayville E. Ingalls, chairman of the board of the Big Four, announced today that for several days it was almost impossible for him to believe anything wrong with Warriner, notwithstanding a hasty examination by some of the higher officials of the company brought to light the first facts of the shortage.

RECLAIMS SON.

COTTAGE GROVE (Or.) Nov. 10.—(Exclusive Dispatch.) Eight years ago Anson Morgan, a child of 8 years of age, was deserted at this place by his father, a miner. The child was taken in, cared for, and kept in school by kind-hearted people who supposed his father had died. He finished the State School course with honor last year.

Recently he was informed that his father was in Bakersfield, Cal., and desired his son to rejoin him. A letter came from the father with the declaration that he is no longer a dissipated man, that he has embraced religion and desired his son Anson left Monday night for Bakersfield.

REBUKED BY KNIGHTS CHIEF.

GOMPERS, MITCHELL AND MORRISON ARE GRILLED.
Leader of Labor Organization Says Attitude of Labor Bosses is "Willful Violation of Law" and "Work Trust Resorts to Most Dishonorable Methods."

[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Nov. 10.—Characterizing the attitude of Gompers, John Mitchell and Frank Morrison of the American Federation of Labor, in the contempt proceedings in connection with the Buckeye and Range Company, as a "willful, premeditated violation of the law," Simon Burns, general master workman of the general assembly, Knights of Labor, has administered a severe rebuke to these three leaders.

Mr. Burns expressed his confidence in courts in general and in those of the District of Columbia, in particular. This rebuke was in Mr. Burns's annual report of the general assembly of his organization.

"There is no trust or combination of capital in the world," said Mr. Burns, "that violates laws oftener than the trust labor organizations which resort to more dishonest, unfair and dishonorable methods toward their competitors than any trust or combination in the country."

HARD HUNT FOR JURORS.

Elisors Have Difficulty Finding Acceptable Talemens for Alma Bell Trial.
[ASSOCIATED PRESS NIGHT REPORT.]
AUBURN, Nov. 10.—Two jurors appointed by Superior Judge Arnold in place of the Sheriff and Coroner to summon talemens for the trial of Alma Bell, accused of having murdered Joseph Arnes, are making the country-side in an effort to find men who can pass the brilliant of attorneys for the State and the defense.

Prospective jurors are being summoned by automobile from the remote valleys of Placer county, even as only two jurors from the vicinity of Auburn have been able to satisfy the attorneys as to lack of prejudice.

Even jurors were in the box when court adjourned, but none of these were subject to peremptory challenges. For the first time since the trial began, Mrs. Mary Arnes, mother of the dead man, was not in court. Neither was Miss Minnie Foster, the young girl, attention to whom on the part of Arnes, according to the State attorneys, were responsible for the tragedy.

The strain of seeing her daughter on trial for her life has proved too much for Mrs. Bell, and she is reported to be seriously ill, and near nervous prostration as a result of her constant attendance at the side of her daughter.

The entire town of Woodmere, L. I., consisting of 400 acres of town lots, with 200 residences, has been sold to a real estate company for \$1,000,000. The homes in Woodmere are mostly occupied by wealthy men and their families.

300 Tailored Suits Involved in a Startling Purchase and Sale

Three Days Beginning Today—Value Marvels—Look at the Styles Illustrated

\$15.00

"Purchased 300 Suits at a price reduction that will open your eyes. Prepare for great sale at \$15."

This is the information that came to us from our representative in the market, and from the moment we began unpacking the garments we knew this was to be one of the most striking sale events of the season.

From the assistant manager, who checked them off, to the girls who marked them, and the salespeople, who have only had a glimpse of a few of the numbers, enthusiasm is spreading, so we know that even without the announcement in this ad, the suits will be selling like wildfire.

It is impossible to see such splendid garments without enthusiasm. The very top-notch of tailored perfection that you could imagine at anywhere near such a price. The garments are right up to the very moment in style, embracing every new idea. Coats are 40, 42 and 44-inch lengths. Made of broadcloth, homespun, corded serges, prunellas, wide wale serges, clay worsteds, diagonals and black and white mixtures.

The assistant manager was bold enough to say they are the most remarkable values he ever saw.

Here's another strong point—the wonderful color range. You have choice of black, gray, wistaria, Copenhagen, artichoke, Burgundy, terra cotta, aero blue, eggplant, etc.

The size range is 32 to 44, and bear in mind, as we stated above, there are 300 suits—that's just the quantity you'll find here. It's the most notable offering of the Fall season, and we know that hundreds of women are going to take advantage of the event. Remember, three days, beginning today, if the quantity holds out.

There is a choice of all wool serge in brown and red; panel front, trimmed with double rows of fancy buttons and pleated skirt. You will search far and wide to duplicate them at this price.

Misses' Serge Trotteur Extra--New Plaid Silk

Dresses \$12.95 Taffeta Waists \$3.50

This popular Misses' Department has stepped into prominent favor because of the broad variety of garments carried, the splendid size range and the wonderful showing of the newest ideas. Today we call attention to these new Misses' Trotteur Dresses at \$12.95.

Such clever styles, such splendid silk, and such an insignificant price, that we are glad to be able to announce this lot at \$8.50.

Plaid silks are very popular. These are in the blue, green, red, brown and black and white combinations.

We doubt if you've been able to secure their equal at anywhere under \$5. This is more evidence of the success our buyer is having in his spot cash campaign in the market. Second floor for these.

Los Angeles High and Polytechnic
fought to a tie at Fiesta Park yester-

flash took the ball to the Polytechnic
five-yard mark, after which Poly
worked back thirty yards.Beautiful back-field work, with pret-
ty cross-passes, advanced the leather
again to within striking distance of
Poly's goal, but from the scrum Poly
secured and punted safely. Again this
the play was near the middle of the
field until close to the end of the half,
when Poly's attack carried the ball
close to a score against High School.
Finally the ball actually did go over
the line for what looked like a Poly-
technic tally, but the whistle had
blown for half time before the play
started.In the second half Los Angeles High
was upon the defensive nearly all the
time, and had no opportunity to get
off any of her fast rushes. Poly got
off one or two good rushes, but was
unable to gain consistently except by
somewhat plays or kicking to touch.
Boyle was a tower of strength for
the High School, and with Geissler
played the best game in the L. A. back
field. Rubio at center three-quarter
did well, while Harrison put up his
usual game at half.For Polytechnic Manning starred at
half, while Pierce, though not havingALL'S WELL.

sisted that another election be held at

secretary. The reclassification
The Northwestern League was repre-
sented by President W. N. Lucas and
W. E. Dugdale, president of the Sea-
coast League, who had drafted for
some special legislation in its favor,
and the request was referred to the
Committee on Revision.The Northwestern League's men con-
tended that they were in a peculiar
position geographically, and that they
were in reality a class "A" league, yet
based on the census of 1910 will prob-
ably give the Northwestern League a
position in Class A about July of next
year.Lucas then asked the association to
allow the Class A leagues to draft only
one player from the Northwestern
League and limit the major leagues to
two.This was laid before the Committee
on Revision. The reclassification
based on the census of 1910 will prob-
ably give the Northwestern League a
position in Class A about July of next
year.The league also stated that it was
willing to purchase the rights of the
Pacific Coast League to Portland, Or.,
which had a team in both leagues last
season.SINGLE DRAFT PRICE.
F. R. Carson, president of the Cen-
tral League, was a strong advocate of
the establishment of a single drafting
price because the major leagues might
take players from the four classes of
the minors.Now there is a sliding scale, but
Carson said that if a player in Class C
was considered worthy of draft by a
major league club then he was worth
as much to that club as a Class A
player and should be paid for accord-
ingly.Carson also asked that a player be
given a certain time in which to re-
turn his signed contract or incur a pen-
alty.Cal. Ewing of the Pacific Coast
League suggested that the contracts be
sent out January 1, and the players be
given thirty days in which to re-
turn.Both Carson's suggestions were re-
ferred to the Committee on Revision.
The Class C and D leagues asked
that minor leagues be given the priv-
ilege of delivering the draft players
at the end of the season. Now these
players are required to be delivered
August 22.A resolution was introduced by W.
M. Kavanaugh, president of the South-
ern League, to the effect that the
major leagues be given the right to
way in regard to the players they may
acquire or keep. The National Associa-
tion will request the National Com-
mittee to take steps along this line.HAMBURG BELLE DIES.

HAND BOOKMAKERS LOSE.
[ASSOCIATED PRESS DAY REPORT.]
DENVER, Nov. 10.—Probably be-
tween \$50,000 and \$70,000 was obtained
in this city and suburbs and in Salt
Lake yesterday, as the result of what
is believed to have been clever wire
tapping near the Latonia race track,
by which the odds on a winner were
lengthened from 7 to 1 to 20, and even
as high as 40 to 1.Hand bookmakers here and at the
suburbs of Englewood and Littleton
reluctantly admitted they lost heavily
on the race, and many of the local
bookmakers refused today to cash
tickets.It is said that the operations ex-
tended to Chicago.The Best Clothes, the Fairest Prices

Scenes at Los Angeles-Polytechnic Game at Fiesta Park Yesterday.
Above Ted Geissler of L. A. is about to tackle Franklin of Poly; below is the Poly section of rooters ready for any emergency.and noisier Rugby crowd of the season.
More than 3000 partisans watched
their team fight through the long
thirty-minute halves without a score,
and wondered whether they would mix
with the opposing rooters after the
game, or postpone their free-for-all
until a more auspicious occasion.Throughout the game there was a
threatening tension among the under-
graduates, but the surplus energy ex-
pended itself in yells and enthusiasm.
The anticipated rough-house did not
materialize by a narrow margin.After the whistle ended the struggle,
the Los Angeles High rooters, consid-
ering the tie against Poly's veteran
squad a virtual victory, swarmed onto
the field and circled the gridiron in
savage and tumultuous processions.The Polytechnic section remained in
a body, while the more strenuous
squad urged rushing L. A. off the field,
salute counsels prevailed, however,
and the big scrap was avoided for the
present.After the two crowds left the field,
a few desultory little scraps resulted
here and there, but that was all. It
was the same with the rooting sec-
tions as with the teams—"no score,
until we meet again."LOTS OF YELLING.
The cheering was the best heard in
Los Angeles this season, while the
game showed the best Rugby that has
yet been played by preparatory school
teams in Southern California.The Polytechnic team, which won the
Southern California championship title
last year, was played to a standstill in
their hardest game of the season.
There was no lack of much spectacu-
lar work on either side, but both
teams fought through the contest as
only American footballers can.The feature of the struggle was the
unexpected strength of the L. A.

Fast Merkel Motor Which Derkum Is
to Ride Against De Rosier De-
layed in Transport."Dare Devil" Derkum will not race
against Jake De Rosier at the Col-
iseum next Sunday as announced last
week. The first Merkel motor, which
Stanley Kellogg has used in his record
performances on eastern tracks, and
which Derkum is to ride in his next
appearance, will arrive too late for
next Sunday's event.The much-talked-of match will prob-
ably be carried for a week from Sun-
day. It was not known in motorcycle
circles till yesterday what motor Der-
kum would mount. Last year he was
defeated by the demon De Rosier in
a half dozen races through engine
troubles, which has carried the Frodo
man to an almost continuous string of
victories. Two seven horse-power
Merkels made their appearance on the
Coliseum track last Sunday, and
showed wonderful speed, but neither
of these motors has power of Kel-
logg's mount.Derkum's new mount is expected in
the city early next week. The local
dare devil will have several days to
try out the new machine. In another
week he expects to be able to redeem
all his unfortunate failures to trim De
Rosier. Paul has a lot of backers who
would like to see him defeat De Ro-
sier, and which would become the world's champion
of the saucer track.GOTCH IS MATCHED.
BUFFALO (N. Y.) Nov. 10.—It was
announced here tonight that Frank
Gotch, world's wrestling champion,
and Zybasco, Polish champion, have
been matched for a fight on Tuesday
night. No definite arrangements as
to the place for holding the match
have been made, but it is believed Buf-
falo will get it.If You Know

CAMERON MAY
FIGHT FLYNN.NEGRO WILL WAGER MONEY
ON HIS CHANCES.

Match Between These Heavyweights Would Prove of Interest to Local Scrap Bugs—Franklin Connolly Is in Town to Take a Chance at Volga, Attall or Webster.

As a result of a "josh" after the fight Tuesday night, it is more than likely that one of the fights to be put this month by the McCarey Club at Madison Junction will be ten rounds between Jim Cameron, the big negro, and Volga, the local light heavyweight.

Volga, who is looking after Cameron's interests in a way is reported to be willing to bet \$100 on the fight.

Such a scrap would doubtless prove interesting to the fans for Cameron is a tall rangy boxer, quick on his feet, while Flynn is a tough, rugged fighter who can make it lively for anyone of the second raters. The fight, however, can only be considered a good card if nothing better offers at it would "draw" in any event.

A new fighter arrived in town yesterday in Franklin Connolly, who is here with his brother and his manager, Bob Laga. They are out from the last looking for trouble and dropped at San Francisco for several days, at which time nothing came of this fight. Connolly is a likely looking boy and said last night that of the forty-five fights he has had the only one he lost was an eight-round decision to Volga in September, 1927. Later he fought Volga in a ten-round draw. He is after the winner of the Webster-Monte Attall battle here on November 23 and as he is a 118 pound boy will meet either of them at the ban limit for a side bet. Furthermore, he says he will fight Volga on a 65 and 28 per cent. division of the money and will make a side bet if Volga will agree to weigh 122 pounds, ring-side. This is about as much as any amateur could be asked to stand for. Volga, Attall and Webster will be free after December 1, there is little reason why they could not take Connolly's offer.

HICKCOX LEADS
FIRST ROUND.

GOOD SCORES MADE IN SAN GABRIEL GOLF PLAY.

Twenty-eight Members Turn in Good Cards at End of Initial Session of Tournament for President's Trophy—Bretherton Captures Putting Contest.

With a net score of 72 strokes, Ross E. Hickcox leads the contestants at the end of the first round for the president's cup at the San Gabriel Valley Country Club in the play which was completed yesterday.

The tournament which started last Saturday, consists of six rounds of handicap medal play to be completed during November and December. An unusually large number of golfers are entered in the play, and the card at the close of the initial round contained some good scores.

C. H. Bretherton won the first putting contest started on Saturday with a score of 21. The putting competition is to be contested weekly until the cup is won three times by one member.

Within a week the women's tournament for the president's trophy is to begin. The women have been showing much interest in the tourney and the competition promises to be keen.

A. J. Higley, the professional golfer, formerly with the Los Angeles Country Club, has been engaged by the San Gabriel Club for the coming season.

RULING PUT OFF.

FENNER MAY NOT PLACE.

(BY DIRECT WIRE TO THE TIMES.)

PHOENIX (Ariz.) Nov. 10.—(Exclusive Dispatch.) Checkers are in from the desert, and at a meeting of the Maricopa Automobile Club to be held tomorrow the official time of the Buick in the Los Angeles-Phoenix race will be announced as 19.40.

From points far out on the sands the men who watched the cars tear over the trails are back, and as a result thirty-two minutes have been added to the time of the race. The Buick averaged twenty-three miles an hour from Los Angeles here.

The ruling of Judges Griffin and Hooty that there is only one official place in the race has been referred to the Automobile Association of America.

George Purdy Bullard, secretary of the Maricopa Auto Club, is in favor of granting second place in the race to Fenner, but the man who won last year chooses to wait for the A.A.A. ruling.

Fenner is recognized as having finished with the Leotta, and he may benefit by the ruling of Chairman Hower of the contest board. Fenner is making no fight for place. Charles Harris, in the Ford, is almost here. He left Vicksburg at 5 o'clock this morning

and is due before morning. The car is entered in the races tomorrow.

Six cars are to start in the fifty-mile Derby tomorrow for the \$500 purse offered by the Arizona Fair Commission. They are the Pennsylvania, E.M.F. Studebaker, Buick, Columbia, Elmore and Ford. In the big-car race for the purse of \$500 the Kieselkar and Isotta must fight it out for the money and cup.

Harris Henshaw offered to wager \$500 with Fenner today that the Kieselkar will win. Fenner is confident. There is a ten-mile race for cars of \$1500 and over for a purse and cup. The Kieselkar, Isotta, Pennsylvania, Buick and a speedwell owned by a Phoenix man are entered. The Pennsylvania is the favorite in this race.

There is another ten-mile race for cars of \$1500 and over, in which the E.M.F., Ford and two locally owned cars are entered. The Buick "White Streak" and a two-cylinder Tourist. Everything at the fair has been turned over to the autos, which are to be the attraction. The track is fast and records may be broken.

SLAUGHTER WANTS A RACE.

Stearns Agent Would Back His Car Against Any Stock Machine for Fifty Miles.

Coney C. Slaughter, agent of the Stearns motor car, issued a challenge yesterday offering to race his pet machine against any car in a purely stock car competition for fifty miles for a side bet of \$500, winner to take all other prizes.

Walter Hempel, manager of the Ascot speedway, says that he will give a chance for a match race between the Stearns and any other car as an event of a regular race meet.

The Stearns is a machine that is one of the fastest machines which has ever performed on a local track. The car made a wonderful run against the Leotta in its recent long-distance grinds, and only lost the honors through poor judgment on the part of the handlers of the race in the pit. Slaughter is certain his machine is as fast, or faster than any other car on the Coast. He shows his faith in his entry by declaring himself ready to put up the side bet immediately. Many followers of the motor game would like to see the Stearns engage in another brush with the Leotta. It is possible a match race will be arranged between the two machines for an early date.

WOLGAST TALKS.

WANTS FINISH FIGHT.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS, Nov. 10.—(Exclusive Dispatch.) "I am en route to the lightweight championship. New Orleans is one of my stopping places. I will defeat Frenchy Piet, then I will go to San Francisco and defeat Lew Powell. By that time I think Bat Nelson will give me a match for forty-five rounds. If he does not I will try to get McFarland in the ring, although the weight question comes in there. I have to give away weight when my opponents do. I don't intend to let McFarland at 135 a week before the bout."

This was the statement of Ad Wolgast tonight, after his first day's training here. He believes he can eliminate both Piet and Powell.

"What I want with Nelson after my bout with Powell in San Francisco is finish fight," he declared.

Accumulation of Gas
In The Stomach

One of the Most Common Symptoms of Dyspepsia and Deranged Digestion.

The presence of a small quantity of gas in the alimentary canal may be described as constituting the ordinary condition, as certain foods, such as peas, beans, etc., naturally eliminate and create gas while undergoing digestion.

It is only when this gas accumulates to such extent as to cause inconvenience, and belching, that a person may be said to be suffering from flatulence. This collection of gas becomes in extreme cases so great that a swelling presents itself in the pit of the stomach, and when this stage is reached, complaint is made that this part feels tender to the touch, the clothes of the person being loosened to obviate the distress occasioned by pressure.

Attempts are usually made to get rid of this stomach-gas by eructation, and immediate relief is sometimes obtained when this is accomplished. Infants are very subject to flatulence, especially when their natural food is taken away too hastily, and when food other than that provided for them by nature is given them. Mothers and nurses are familiar with this infantile trouble, and have various remedies for it, the most popular of which is charcoal, which relieves the trouble completely by absorbing the stomachic and intestinal gases, thereby removing the colicky pains of the infant, which is the symptom which most frequently causes the nightly crying spells.

Charcoal is a marvelous absorbent, and is capable of oxidizing and absorbing one hundred times its own volume in gases. It is applicable to all cases of flatulence or gas in the stomach, and as it is entirely harmless, it can be taken by any one, with comparative impunity and without fear of its doing any harm whatever to the system.

Infants and old people can use it as readily as younger persons and those in the prime of life, and nothing but benefit can result from its use. It can also be used in any quantity, and in this respect it differs from drugs, sometimes employed for stomach troubles, as the dosage of these must be regulated by a competent physician. Not so with charcoal, however, as is shown by the fact that a French surgeon used as much as fifteen ounces per day, every day of the last thirty years of his life.

Stuart's Charcoal Lozenges should be employed in all cases where the stomach is filled with gases resulting from the fermentation and decomposition of food and also from the use of those vegetable foods which seem naturally to engender and promote the accumulation of gas. These wonderful little lozenges which have an enormous and ever-increasing sale, are made from best willow charcoal, combined with pure honey, and form a pleasant and palatable form in which charcoal can be administered to the stomach.

Stuart's Charcoal Lozenges are exceedingly agreeable to the taste, in striking contrast and contrast to the ordinary powdered charcoal, which is a most unpleasant dose to take. Purchase a package of Stuart's Charcoal Lozenges today from your druggist for 25c, and send us your name and address for free sample package. Address F. A. Causes D

Here are Facts
By a Strong C

Cataracts causes debility, mental and physical. It is a disease that is not cured by medicine but only by surgery. In every case of cataract, the eye fails to give vision and the patient will not charge a cent for the operation. It is a sure cure and the patient will not lose anything by the operation. We make these statements offer because we know and again proved that the operation rarely fails to cure. It is not a cure-all for every disease that is cured by medicine but it is intended for one purpose, to cure cataract by a surgical condition in a safe way, which is to remove the cataract and replace it with a new lens. We have found that the operation is a safe and effective power to remove cataract (tissue changes) and help nature to cure or cause of cataract. Improving vision is a perfect body is attained and taken up with the new perfectly healthy condition. Causes Deafness

Here are Facts Backed By a Strong Guarantee

Cataract causes deafness. In fact, most people suffering from deafness have cataract. Deafness cannot be cured by medicine not designed to cure cataract. In every case where cataract is the cause, the only way to get relief is to have the cataract removed. We make these statements offer because we know and have again proved that Cataract rarely fails to do so. It is not a cure-all, but every disease that cataract is intended for one purpose: to cure cataract by removing the cause or causes of cataract. It improves vision, restores hearing, improves weight, improves appetite, improves body, improves the system, improves the mind, improves the soul. We want you to try it. Follow directions and you will be cured. Reasonable length of time. You are not satisfied, come back and the money will be returned. No argument whatever. Rexall Mucous-Tone comes in sizes, 50c and \$1 a bottle, at all drug stores. The Rexall Mucous-Tone Co., Inc., Los Angeles, San Francisco, Oakland, Cal., and Wash.

S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrah comes as a result of impurities and morbid matter in the circulation, and is a disease that only attacks mucous membranes. The entire inner portion of the body is lined with a delicate skin or covering of soft, sensitive flesh. Thousands of tiny blood vessels are interlaced throughout this mucous surface, and it is through these that the inner membrane receives its nourishment and is kept in a healthy condition. When, however, the blood becomes infected with catarrhal impurities the tissues become diseased and Catarrh gets a foothold in the system. The early stages of Catarrh are characterized by such symptoms as a tight, stuffy feeling in the head, watery eyes, burning sores in the ears, with partial deafness and often difficult breathing and chronic hoarseness. These are merely symptoms, and while sprays, inhalations and other local treatment may temporarily relieve them, Catarrh cannot be cured until the blood is purified of the exciting cause. S.S.S. cures Catarrh by cleansing the blood of all impure catarrhal matter. It goes down into the circulation and attacks the disease at its head, and removes every particle of the catarrhal impurity. Then the mucous linings are all supplied with fresh, pure blood, and allowed to heal, instead of being kept in a constant state of irritation by the catarrhal matter. Special book on Catarrh and any medical advice free.

Los Angeles Daily Times

THURSDAY MORNING, NOVEMBER 11, 1909.

CITY AND COUNTY.

On All News Stands, 5 CENTS.

ALEXANDER AND PROBABLY SMITH GO IN RACE FOR MAYOR OF LOS ANGELES.

Farish Quickly Eliminated in Primaries, Mushet Close Third, Others Scarcely Heard from—Light Vote Polled Because of Bewildering Freak Ballot—Mushet May Win.

ACCORDING to the complete returns as tabulated by The Times up to 3 o'clock this morning 156 of the 200 precincts of the city, the primary election, held yesterday, resulted in the nomination of George Alexander and probably George A. Smith as candidates for Mayor. W. C. Mushet was a good third in the elimination race and Oscar E. Farish far behind in fourth position. The other candidates received a trivial number of votes.

The precincts tabulated by The Times showed the following for each:

George A. Smith, Republican 4857
George Alexander, Goo-Goo 7756
W. C. Mushet, Independent 4508
Oscar E. Farish, Independent Democrat 2170

The returns are reliable as indicating what the final result will be when the complete official returns are in the hands of the City Clerk. The race between Mushet and Smith is very close.

Alexander received 14,000 votes in the recall election. His total in this election will not reach 10,000.

Alexander's strength so far as tabulated 7,756
Anti-Alexander vote 11,535

The eighteen candidates for council whose names apparently will be on the ticket are in the order of the vote recorded in the incomplete returns.

SCHOOL BOARD.
The present members of the Board of Education are renominated, and with them there will go on the ticket seven other candidates; just who these will be cannot be told until the complete vote is in. There was practically no opposition to the present board.

RIVAL CLAIMS THIS MORNING.

Mushet Says Returns Lead Him to Believe He'll Be on the Ticket With Alexander, While Other Views Are Held by Republican Headquarters, Goo-Gooes Feel Strong.

D. C. Chaselman, chairman of the Republican City Central Committee, said at 3 o'clock this morning: "Incomplete returns, together with complete ones, satisfy me that Smith is safely qualified as the candidate of the Republicans for the election in December. Alexander is shown by our figures to have a lead of about 1000 over Smith, while the latter is steadily maintaining a lead of over 500 over Mushet, with Farish hopelessly behind."

CITY ATTORNEY HEWITT.
City Attorney Hewitt, another of the winners, out of the race. Our figures also indicate that the rest of the Republican ticket has qualified, and that the candidates for Council, especially the incumbents, Healy, Lyon and Yonkin, are running high enough to insure their qualification, with one possible exception."

GOO-GOO CLAIMS.
Meyer Lissner, chairman of the Good Government Organization, said at 1:30 o'clock this morning: "Mayor Alexander has landed first in the primary race by a large plurality. I am absolutely certain of this. Whether his competitor at the December election will be Smith or Mushet I would not now say, because they are, according to our returns, running neck and neck. I am confident that nine out of ten of our candidates for Council will be candidates endorsed by

FREAK STREAK REPELS VOTES.

Great Surprise of Politicians Is Small Number of Ballots Cast. Voters Disgusted by Blanket-Sheet of Names and Many Tickets Are Spoiled—Method Disliked.

The first direct nominating primary election in Los Angeles presented to the voters an unfamiliar and unlikable form of ballot. The names of the candidates were arranged alphabetically, without numerical designation, under each office, and the voter had to wade through a list of 140 names and find the man he wanted to mark on the ballot.

This system, untried and approached with reluctance by a majority of electors, entailed much labor. There was no quick voting of straight tickets, as in previous elections. The voter had to stop and search for his candidate carefully, and he had to be sure that he had not, in his zeal for particular accuracy, voted for eight members of the Board of Education, instead of seven, or eleven Councilmen instead of nine.

The result was that the number of spoiled ballots at this election is unprecedentedly large, if the estimates of the political managers are well based, and in proportion a certain amount of dissatisfaction on the part of the voters is a result. That it was possible for the ballot to be so encumbered with useless candidates representing no organized effort at improvement in municipal government was generally condemned, and perhaps most of those who exercised the right of suffrage would be willing to change the system back to the old partisan basis. If a direct primary is to be continued at all.

PRIMARY FAILURE.
Another utter failure of the primary election law, judged from the result in nominations, is the tremendous victory of Bernard Healy, present Councilman from the Eighth Ward. In the argument for the amendment of the charter for the non-partisan method of primary nomination, the reformers asserted that Healy could only be elected from a ward like the Eighth—the smallest in the city—and the smallest in the primary method, with Councilman candidates at large, would eliminate Healy forever from local politics. The make sure of this, former Judge J. D. Works and W. J. Washburn were put on the Goo-Goo ticket.

The irony of fate is shown by the returns, which indicate that Healy will lead the entire list of candidates, 140 in all, in the total vote. Even in the "long-hair" stronghold, where it was hoped his elimination could be accomplished, he ran far ahead of his colleagues, and in the most select domain of the Goo-Gooes challenged even Works and Washburn.

REMEDIES PROPOSED.

Legislation Enough for President, Say Managers.

Further Federal Control Is Plea of Lawmakers.

Fair Dealing, Urge Shippers, at Big Meeting.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Nov. 10.—Legislation enough for the present, argued men who manage railroads; further federal control, pleaded legislators; cooperation in the interest of fair dealing, urged shippers and others.
These varied views were expressed tonight at the first annual banquet of the Railway Business Association at the Waldorf-Astoria.
The association, which is a sort of self-constituted medium of conciliation between the railroads and the public, had as its guests tonight more than 600 men interested in railroads.
George A. Post, president, was toastmaster and, after a toast to President Taft, he jumped to the question of what would be done with Mr. Taft as an ex-President.
"He is not much of a hunter," said Mr. Post, "and it costs money to play golf, so perhaps, since he is a good traveling man, he will become connected with some railway."
Former Representative W. P. Hepburn of Iowa, author of the Hepburn act, suggested that there were yet railroad matters over

EVENTS IN LOCAL SOCIETY.

ABOUT 550 guests responded to invitations yesterday for the reception given by Mrs. George I. Cochran of Harvard boulevard, in honor of Mrs. W. H. Davis, who, for the last five years, has made her home in San Francisco, and who has returned to make Los Angeles her future home. The decorations were particularly attractive. Red roses were banded in the living-room, while yellow chrysanthemums in the living-room and reception hall looked attractive. Mrs. Cochran was assisted in receiving by Mrs. Lee A. Phillips, Mrs. W. W. Beckett, Mrs. C. L. D. Moore, Miss Cochran, Mrs. Arthur Letts, Mrs. V. A. Powell, Mrs. Russell and Mrs. Stanley McClung. At the punch bowl Miss Lucile Gage, Miss Gladys Letts, Miss Edna Letts, Miss Beale Daker and Miss Irene Powell presided.

Fashionable Bridge.
Mrs. Nathaniel W. Myrick and Mrs. John G. Mott entertained with a fashionable bridge party.

Miss Blanche Whelan, who has just returned from a six months' tour through Europe.

Jonah's bride party at the home of the former, No. 627 West Twenty-eighth street. Yellow and white chrysanthemums were used in artistic profusion. Today, Mrs. J. A. Fairchild, Mrs. Myrick and Mrs. Mott will preside at a large musicale at Mrs. Mott's home, No. 2529 Portland street.

Have Returned.
Mrs. Weldon Whelan of No. 948 West Thirtieth street, with her daughter, Miss Blanche Whelan, has returned from a six months' tour through England, Scotland, Ireland, Germany and France.

To Issue Invitations.
Miss Moira Maude Park will issue invitations today for a smart tea to be given at Hotel Hollywood Saturday afternoon, the 20th inst., for Mrs. Richard Hovey, wife of the noted poet. Miss Park will be assisted by Mrs. R. J. Whitley, Mrs. N. N. Nay, Miss Ida M. Leonard, Mrs. Frances Josephine Holmes and Mrs. W. T. English.

At Hotel Hollywood.
Mr. and Mrs. J. B. Badgley and daughters, the Misses Cecil and Clara Louie, of No. 1245 St. Andrew's Place, have returned from a delightful stay at Catalina Island, and are domiciled for the winter at Hotel Hollywood.

Home Again.
Miss Frances Marie Gahler has returned to her South Flower-street home after an extended visit with relatives in Ventura.

Wedding Announcement.
Word has been received from Bakersfield of the wedding of Miss Josephine McElroy, formerly of this city, to Carlos C. Castle, who is the daughter of Mrs. William McElroy. Mr. and Mrs. Castle will reside in Mojave.

At Burlington.
Mr. and Mrs. Julius V. Seyler, formerly of Pasadena, have taken apartments at the Burlington, on West Seventh street.

For Winter.
Mrs. John Boland and Mrs. Edgar L. Zerbe of New York have come to Los Angeles for the winter, and are located at the Lakeview. Mrs. Zerbe is the daughter-in-law of Mr. and Mrs. J. S. Zerbe of the Burlington.

Mrs. Ralph Hostess.
Mrs. George A. Ralph, No. 1880 Argus street, was hostess yesterday afternoon at a reception in honor of the late Mrs. Ralph Hostess.

ated. In the pink reception-room, pink roses in cut-glass vases were combined with greenery. The lights here were shaded with pink. The staircase was banded with Woodwardia ferns and white chrysanthemums. Baskets of chrysanthemums and ferns were hung from the beams in the hall, and in the den, large clusters of bronze chrysanthemums added to the pretty effect. The mantel in the library was banded with delicately-shaded blossoms. The hostess was assisted by Mrs. J. A. Phillips, Mrs. Wallace Spinks, Mrs. W. C. Brain and Mrs. R. J. Northam. Presiding at the coffee urns were Mrs. Thomas Hayward and Mrs. Albert Oleovich.

Mrs. Nichols Entertains.
Delightful among yesterday's affairs was the five hundred party which had as its hostess Mrs. Frank H. Nichols of No. 877 Menlo avenue, who entertained about forty friends. Miss Marie Nichols assisted her mother in receiving. A graceful arrangement of pink roses adorned the den. In the dining-room, yellow flowers were used.

tioned, being almost hidden from view by the banking of flower and vine. More than 300 guests were bidden, and among those present were warm personal friends and prominent people from Los Angeles and near-by cities, as well as the seaside towns. Following the ceremony, which was performed by Rev. Alfred B. Taylor, pastor of the Church of the Good Shepherd, a wedding supper was served. The bride wore a becoming gown of crystal over heavy white satin. Her face was veiled, and she carried a shower bouquet of lilies of the valley. She was attended by her sister, Mrs. R. Holmann of San Francisco, who acted as matron of honor, and Miss Henrietta Mossbacher of Los Angeles, who was the bridesmaid. Mrs. Holmann's gown was of cloth of gold, while Miss Mossbacher was in white and gold. The groom was supported by his brother, James Prentiss of Ann Harbor, Mich., and Richard Holmann of San Francisco. Mrs. Fraser, mother of the bride, wore white and gold.

The number of presents received was large, all of them being handsome and many of them being rare and expensive.

Following the wedding supper the couple departed for a tour. After ten days they will reach Denver, where they will reside and where Mr. Prentiss is interested in the coal mining business.

Eleventh-Hour Club.
The first meeting of the Eleventh Hour Five Hundred Club was held recently at the home of Mrs. W. E. Clark, No. 1000 Gramercy Place. Those present were Mr. and Mrs. Gubser, Mr. and Mrs. Dequine, Mr. and Mrs. Seville, Mr. and Mrs. LaPointe, Dr. and Mrs. Luechens, Mr. and Mrs. Bernard, Mr. and Mrs. Schaad, Mrs. Clark and Mr. Saunders.

Prizes were awarded to Mrs. Schaad, Mrs. Seville and Mr. LaPointe. The next meeting of the club will be held next week, Friday evening, at the home of Mrs. Dequine, No. 4103 Brighton avenue.

Visitors Honored.
Mr. and Mrs. L. J. Hathaway, No. 374 West Santa Barbara avenue, entertained Monday evening in honor of their uncle, A. B. Hathaway, who has been visiting in Southern California, and who will leave this week for his home in Michigan.

At California Club.
Miss Vinton and her niece, Miss Anne Patton, entertained with a reception yesterday at the California Club.

NOTABLE SOCIAL EVENT.

Membership Dinner of the Young Men's Christian Association Tonight Will Be Largest Ever.

General Secretary Luther of the Y. M. C. A., announced yesterday that the acceptance for the membership dinner, to be given tonight, have reached 526, the limit of accommodations, and it will be the greatest social event in the history of the local association.

Arthur Letts, president of the association, will preside, and Willis H. Booth, president of the Chamber of Commerce, will deliver an address on "Team Work." Robert Watchorn, with a national reputation as immigration commissioner at New York, and who is now a resident of this city, will talk on "Association Spirit." There will be entertainment by L. C. Nathanson, of the association school of public speaking, and by the club and orchestra. Dinner will be served promptly at 6:30.

PASTOR EXPELLED.

Disappears Same Day Choir Girl Leaves; Seen Boarding Liner With "Boy."

[BY DIRECT WIRE TO THE TIMES.]
TERRE HAUTE (Ind.) Nov. 10.—[Exclusive Dispatch.] The official board of the Christian Church at Linton has adopted a formal order expelling Rev. Dr. J. Tilburn from the ministry. Several weeks ago he disappeared. The same day Miss Mary Smith of the choir went away. Then came a letter from the pastor to a friend, written in Chicago, saying he was forced to get away for a rest; that he would not be back. He had formerly been pastor of a church and to which place his wife and family had gone on a visit. The latest story about the couple, which is whom referred to in the letters written from Chicago, was that he was seen going aboard a ship at New York, accompanied by a "boy," who is supposed to have been Miss Smith.

What is said to be the oldest art record of mankind has been found at Otis, near Baiter, in Illinois, by an excavating expedition under Johannes Richter. It consists of a clay figure of a god, about 4000 years old, and was discovered in a house dating back to the stone age.

Prescription For Lame Back.

The following prescription will be found to work wonders in curing lame back and all kinds of rheumatism, and restoring health and vigor. The ingredients can be supplied by any well-stocked drug store and easily mixed: "One of compound syrup of rassafras, one oz. Toris compound. These to be added to half pint of whiskey and used in tablespoonful doses before each meal and at bed time. The bottle must be shaken well each time."

Good results from this treatment come after the first few doses. This prescription was published here last season and was used with splendid results by hundreds of people.

You'll get more nourishment from Quaker Scotch Oats than from any other food.

"IRIS COFFEE" CONTEST NAMES OF WINNERS

The following are the names of the first twenty people sending us the correct and nearest correct answers to the conundrum printed in the Times last Thursday, in the "Iris Coffee" Contest—
Q "How Can a Man Make his Money go a Long Way?"
Q The correct answer is: "By Contributing to Foreign Missions."

This seemed to be a pretty hard riddle to guess and we did not receive twenty correct answers. Some of the answers sent us, however, are fully as good as the right one. So the first twenty sending us the correct or nearest correct answers will each receive a package of Iris Coffee. The coffee will be delivered in a few days.

A 3-pound Package of "Iris Coffee" for the Following:

Miss Mabel Clute, 1216 Orange St. Mrs. J. K. Hartach, 324 W. 53rd.

Foot Form Shoes For Children

For over twenty years we have persistently pushed the sale of Orthopedic Shoes for Children. Our increasing Children's business proves that we have the hearty endorsement of the parents.

The importance of proper fitting shoes is greater during childhood than at any other time. Foot defects in later life are usually the results of wearing faulty shoes while the feet are growing.

We are very successful in fitting Children's shoes. Our competent salesmen always exercise good judgment and great care in fitting perfectly a Child's foot.

Put them to the test.

We illustrate a SHOE for GIRLS, SHOWN IN TAN WILLOW CALF AND BLACK VELOUR CALF.

A perfect last for growing feet. Prices \$1.50, \$1.75 and \$2.00, according to size.

DEPARTMENT ORDER'S SCOPE.

Congressman Smith Writes from Capital.

Suspension of Entries Till Congress Acts.

Smith Bill Only One That Is Pending.

SPECIAL CORRESPONDENT OF THE TIMES.
BAKERSFIELD, Nov. 9.—A letter from Congressman S. C. Smith who is in Washington and who has interviewed the chief officials of the Department of the Interior regarding the purpose and effect of the recent order withdrawing from entry all oil lands remaining in the public domain in this state, says that the order was made with a view of calling a halt in all steps for the acquisition of these oil lands until Congress can pass a more satisfactory law than the one in vogue. There is an especially strong feeling against public lands of any class being acquired in large bodies.

As to the status of companies that have made expensive drillings on claims without getting oil as yet, the officials were reticent. In general they intimated that the department is friendly to a proper recognition of the preference rights of those who have made valuable improvements prior to the suspension order, but they left the impression that expenditures made after the order would not constitute any claim except possibly in cases where work had been begun previously and it could not be suspended without substantial loss. Improvements on one piece of land, it was made clear, would carry to right in any case to other land claimed by the same parties. So far as Mr. Smith was able to learn the bill for the disposal of public oil land is in preparation other than the Smith oil land bill introduced in the House at the last session, and this probably will be the basis of whatever legislation Congress may enact the coming winter.

Standard Pipe Line.
The California Oil Record says that the Standard second pipe line from Coalinga to San Francisco Bay is nearly finished. So quietly has the work been carried on that scarcely a word of its progress has been heard while there has been endless talk of the Producers and Associated's work.

Wild Cat Company, in Oil?
According to the Maricopa Oil News, published in the Sunset field, the Nevada Pacific, on 24-11-23, seven miles southwest of Maricopa and half way to the San Emidio ranch, has entered the first sand obtaining a very heavy oil. The news comes as a surprise as few persons knew the company was the work or even of its existence. If true, the find is a most important one, extending the belt nearly seven miles and proving a wide area between the well and Sunset or else opening an entirely new and separated district. The Western Miner has a large piece of intervening land, undeveloped, now greatly increased in value, if the news is true. It is unconfirmed from any other source.

Coalinga Development.
The Netherlands No. 2 has been put on the pump and looks like a good producer at 20 feet. Number 1 yields 100 barrels a day. The rig is ordered for No. 3. The Seneca has finished No. 5 at 215 feet, the deepest on this shallow property. Another string will be started at once. After three months of non-development the Ward is starting No. 7. This company has just declared a dividend. All three companies are owned in Fresno and James Ward is manager. Thirteen wells have been drilled on the three properties in two years.

West Side Improvements.
It is expected that the West Side Electric Company will have its power and light plant ready to operate at Maricopa by December. It will supply all the current and Midway fields. It was what is said to be the largest gas engine ever installed in Southern California. It is of 250-horsepower. The West Side Water Company is preparing to pipe water into Maricopa and connect with all the houses.

Sunset Operations.
The Temple-McKittick, a Los Angeles company, operating on 12-11-24, sunset, due south of the Anacapa, has entered the first sand at 204 feet.

WILL STAY BY FIRST LOVE.

Dr. Burdette Makes Unequivocal Statement to Temple Baptist Church.

Referring to a report that appeared in a morning paper, to the effect that he intended to relinquish his title as pastor emeritus of Temple Baptist Church, and become pastor of a Congregational church in Pasadena, Dr. Robert J. Burdette last night said to his congregation, gathered for the mid-week prayer meeting:

"There is not, and never was, a particle of truth in such a statement. The pastorate of no church in Pasadena has been offered me; there has been no talk of a pastorate with me; it has never been under consideration. I am not going to sit down, of course, the remaining years of my life, and do nothing. I will preach once in a while, lecture occasionally, and write a little more than I will preach, and lecture; I expect to travel a great deal."

DOCTOR ADVISED OPERATION

ured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided.
Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound and it made me a well woman."

SKIN CURED THROUGH SKIN.
Old Way of Dozing the Stomach Abandoned by Specialists.

Suppose you scratch your hand—do you dose the stomach to cure the wound? Don't you wash and cleanse it instead, and thus let the skin cure itself?

It is the same with Eczema and other skin diseases. To accomplish this cure the best medicine is Oil of Wintergreen Compound, and this must be used in liquid form. The liquid penetrates to the inner skin and kills the germs while soothing the healthy tissue.

This oil of wintergreen compound known as D. D. D. Prescription, has only been sold at \$1 a bottle. But on a special offer we have now arranged with D. D. D. Laboratories for a trial bottle at 25c. It will stop the itch instantly, and we hope you will try it on our assurance.

No Preservatives Used In Canned Fruits and Vegetables

We want you to know, Mrs. Housewife, that the talk about preservatives doesn't refer to canned fruits and vegetables.

Corn, peas, tomatoes, peaches and all vegetables and fruits are preserved by sterilization alone. That means by heat.

This is true of any brand, put up by any canner. For preservatives are unnecessary. To use them would be useless expense.

Vegetables and fruits for canning are taken fresh from the gardens and orchards. They are usually canned the very day they are picked.

They are cooked in the cleanest of kitchens—cooked just as you cook them yourself. And nothing whatever is added, save sometimes a savor of salt for vegetables or sugar for fruits.

They are sterilized by heat, after the cans are sealed. When you open a product—perhaps months after the canning—it is as fresh as the day it was picked.

Del Monte—Best Value of Our 400 Brands of Tomatoes

Selected tomatoes—large, vine-ripened and firm—are the Del Monte brand. We put up 400 varying grades of tomatoes under 400 different labels; many for dealers who own their own brands. This year we put up over a million bushels of tomatoes. The cream of that crop can be placed on your table this winter by simply asking your grocer for Del Monte tomatoes.

A can of Del Monte tomatoes is principally solid

Modern canning began with the invention of sterilization.

In the old days most of us for most of the year had to go without fresh vegetables and fruits. Now we have them all the time. Hundreds of millions of cans are put up in the season of plenty for the seasons of dearth.

This has had immense effect on good health, for fresh vegetables form an essential part of our diet.

Don't let mistaken prejudice rob you of all this good. Canned vegetables and fruits have the same freshness and flavor—as just as free from preservatives—as those you cook yourself. This is always true. Fruits and vegetables naturally vary. One crop may excel another. One section may grow finer grades than another. But all are clean, all pure, all free from preservatives.

tomato meat. We drain off all extra water. That is why you will find a can of Del Monte contains two or three times as much actual tomato meat as other brands. The price everywhere is 12½ cents a can. You will always be sure of the best value in tomatoes by insisting on Del Monte, for it carries our name and guarantee.

The same is true of all Del Monte fruits and vegetables. All grocers can supply you.

SEVERAL MEN BUY A TOWN.

DUCOR ACRES CORNERED BY CAPITALISTS.

Young Orange Orchard Near Porterville Brings Record Price—Fruit Men Organize for Protection Against Pests—Bounty on Squirrels Raised One Cent.

PORTERVILLE, Nov. 9.—It is not often that an entire town changes hands as the result of a realty deal, but this happened yesterday when local capitalists joined with one or two men from eastern Ohio, and bought the 100 acres of the townsite of Ducor. The reported price paid in cash is \$40,000, which includes a \$10,000 water plant and a hotel, recently completed. The former owner was J. H. Williams, one of the wealthiest orange growers of this section. It is the plan of the new owners to grade streets throughout the tract, lay cement sidewalks and make other improvements. The town lots will be exploited in the East.

GROWERS ORGANIZE.
About fifty of the leading orange growers of this section met at the Chamber of Commerce yesterday afternoon and organized the Porterville Protective League. Officers of the league chosen include A. G. Schulz, president; C. A. Boston, secretary, and Fred Bailey, treasurer. State Horticultural Commissioner Jeffrey was present and urged upon the growers the formation of the league. The chief object of the association is to guard against importation of insect pests.

The R. L. Heck orchard, in the South Tule early orange district, was sold today at a price which rather establishes a record in this section for young trees. The price at which the title passed to a Hollywood orange grower is said to have been \$11,000 for ten acres of five-year-old trees. The crop this year is estimated at \$1500, making the price about \$1000 an acre net.

COTTON SAMPLES.
Samples of cotton raised in the Plaine section near this city have been sent to various cotton manufacturers, and reply was had from them that the Porterville product is fully the equal of any now on the market, and that it will bring the top market price. Thus far cotton has been raised on only a very small experimental scale. It is the intention of several land holders in the Plaine district, however, to next year set out extensive tracts, in the hope of producing it upon a commercial scale.

SQUIRRELS ARE PESTS.
Supervisors of this county have declared war upon ground squirrels. Under an act of the last Legislature, ordinances will be drawn requiring land owners to rid their premises of the varmints. If the order is not complied with in a reasonable time, the law makes it possible for a representative of the board to enter the premises to rid the ground of the pests, the charge of the costs to be entered in the form of a lien on the premises. The supervisors have also agreed that the bounty on squirrels shall be raised from three to four cents. Poison will also be bought in large quantities by the supervisors and generally sold at about half the price now paid.

CHAMBER OF COMMERCE.
Directorate Approves Proposed Absorption of Hollywood, and Takes Up Various Subjects.
The directorate of the Chamber of Commerce yesterday heartily approved the proposed consolidation of Hollywood with Los Angeles.

The chamber is in receipt of an invitation from the Sierra Madre Club to send five representatives on an excursion being arranged by the club into the oil fields, leaving Thanksgiving night and returning the following Monday morning by special train.

The chamber received an invitation from the Chamber of Commerce of Ventura to visit that city about December 1, and take part in a jubilee, which will be held to celebrate the completion of twelve miles of paved streets. The jubilee will continue four days.

The president was authorized to appoint delegates to the American Civic Association, which will convene in Cincinnati on the 15th to 18th inst.

The chamber has been invited to send an exhibit to the American Exposition, which will be held in Berlin June, July and August, next, and the matter is under consideration by the Committee on Expositions.

On invitation of the Ontario Chamber of Commerce the local chamber will be represented by a speaker at a mass meeting to be held in Ontario tonight.

A deputation of women, headed by Mrs. Baker P. Lee, addressed the directors, asking support and cooperation in a Mothers' Festival next spring, for the purpose of raising money for the general instruction and betterment of local mothers.

The following-named were elected to membership: Leon Willson, A. T. Munn, W. T. Michael & Son, Charles H. Stillwell, Thomas Lee and Joseph A. McBride.

Try This For a Severe Cough.
Take a pint of Granulated Sugar, add half pint of warm water and stir about 2 minutes. Put 2 1/2 oz. of Pinex in a pint bottle and fill up with the Granulated Sugar Syrup. Take a teaspoonful every one, two or three hours. The taste is pleasant.

The prompt results from this simple home-made article will surprise you. It usually conquers a deep-seated cough in 24 hours, and is a splendid household remedy for hoarseness, whooping cough, colds, chest pains, bronchitis, etc.

The recipe above given makes a full pint—enough to last a family a long time—and costs only 54c. It keeps perfectly, and is easily prepared in 5 minutes. Children take it willingly.

Pinex is the most valuable concentrated compound of Norway White Pine Extract. It is rich in all the well-known pine elements which are so healing to membranes. None of the weaker pine preparations can compare with the real Pinex itself. All druggists have it, or will get it for you if requested. Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

agreed last night, will show a nip-and-tuck fight between Healy and Works, with the chances favoring the latter.

ONLY HALF VOTE CAST

The presence of the non-partisan system is regarded as the chief cause why the entire vote was so light, in proportion to the registration. An approximate registration of 70,000 resulted in only about 30 per cent. of this vote reaching the ballot box. This is almost a minimum in any kind of a municipal election, although it is perhaps 800 greater than that cast at the recall election last March. But the recall election is no comparison at all, because at that time Alexander was running against Wheeler, a Socialist, who had no organization, and the great vote he received was a protest against the recall freak as a part of municipal government. It is equally true that much of the vote for Alexander then was gained because of the fear that a Socialist would be elected Mayor.

The political managers had estimated that 45,000 votes would be cast. None estimated last night much more than 35,000 as a result of the twelve hours' balloting. In making this estimate, it was assumed that 10,000 of the votes registered had been canceled by the voters leaving the city. The registration is two years old, it was stated, and the loss by absence from the city and that is regarded as safe at 10,000. In some precincts the loss was estimated as high as 300—those precincts where the population is largely transient. This was demonstrated in Precinct 20, which showed a registration of 532, and at which only a few more than 500 votes were cast. Workers in the precinct, said there were but more than 500 voters in it.

FREAKY AND CONFUSING

Following these assumptions, the political managers figured that there are about 60,000 eligible voters in the city. That 25,000 of them should not participate in the primaries is taken as positive evidence, that the non-partisan primary system, with its overwhelming and bewildering list of candidates, many of them vouchered for by no responsible political organization, presented an obstacle to the electors, or many thousands of them, at least, preferred not to attack.

Many voters when appealed to to leave their business and go to the polls said: "I haven't time to waste through that ballot, and I do not know what I am voting for if I do."

The only avenue of escape from facing a doubtful proposition was offered by the ticket chosen by the Republican convention, and supported by the party organization. It represented a responsible political organization, and to it the people turned in large numbers.

All day in every precinct voters appeared with the card bearing the Republican ticket, and took it with them into the booth. Their stay was short, as they were not bewildered by the long list of candidates, and made no mistakes in the number they voted for.

The voting was practically without features. There was no excitement. Disturbances of any importance were reported from no precinct. Many were

ferocious attacks made on him by the recall organs. These attacks have made the Musket forces implacable, and that vote may be counted as solidly against Alexander and almost wholly now in the Republican column.

The Farish vote represented what little silk-stocking strength that Alexander held, and took it with them into the booth. Their stay was short, as they were not bewildered by the long list of candidates, and made no mistakes in the number they voted for.

nomination; but took a lively interest in his sporting chance of making the third place.

The Musket headquarters was a scene of tense nervous excitement. A table had been drawn up to bar the door from the city, but those directly interested in the campaign.

POLITICAL DRAMA. Beyond this bar, a wondering crowd of interested politicians watched the scene within the room as though it were an act of political drama on the stage.

It was somewhat like one. Telephones jangled; receivers snapped nervously as the Musket scouts reported from distant parts of the city. The candidate, himself, seemed to be under a strong nervous tension. Every moment and every telephone: every messenger boy who dashed in seemed to increase the uncertainty.

Musket was like a broker at the end of a stock tape on a bad day "on the street," and he acted like one.

Alas for the dramatic unities of the political drama! Some one brought in a big box of apples and the candidate, worrying over his fate, munched apples!

REAL EXCITEMENT. The Republican Central Committee rooms on Spring street were in a buzz and roar of excitement all night.

Not only the big candidate was there; the landscape seemed to be littered with candidates. They were standing on every step and sitting all over the tables.

Mr. Smith was in a room supposed to be reserved for himself and his campaign committee. But these rooms were standing on every step and sitting all over the tables.

They overran the door-keeper; jammed the room until the smoke was so thick you could cut it.

Mr. Smith sat in a kitchen chair, muffled up in a big winter overcoat against the wall, and smoked cigars like a furnace. About once a second, some pompous-looking person sallied up and portentously shook hands with the successful candidate, in a manner which said: "Well, I had to work hard to elect you; you know me."

The candidate looked as happy as a bridegroom. Many of the other candidates did not share his exuberance. They would come dragging their weary bones up the stairs, looking white and set and tragic.

On a smoky corner room, an excited young man at a telephone was bellowing out the returns to a score of clerks. Outside in the littered, large assembly room, other clerks were posting bulletins on big sheets.

The candidates went plunging in through these crowds—first into the room where they were reading the recalled, and then through the crowds in front of the bulletin boards.

Somebody said that might tell them some home. But all the bulletins were about Musket and his lead.

Prominent among the candidates were Iszy Margolis and his brother Joe, who looked as though they had discovered that the election might have been made. They looked scared half to death, and after waiting around a little, presently ducked downstairs and disappeared.

FUNNY GOO-GOO SCENES. The Goo-Goo headquarters in the Germania building was the scene of some funny grand-stand plays.

Every two minutes some strong-limbed Goo-Goo would ostentatiously lift his voice in some noble speech and the trained crowd would obediently give a feeble little yowl of applause.

Chairman Casselman and his lieutenants were constantly on the go. But the Goo-Goo field officers all kept their voices in some noble speech and the trained crowd would obediently give a feeble little yowl of applause.

Uncle Aleck had to go out to a political meeting during the evening and so was torn away from the scene for awhile. At the most dramatic moment possible the professional office-holder came plunging back, blowing like a war horse.

"Lean over and look at this," said some one to him.

He turned into Uncle Aleck's eye, and he turned to the crowd like the hero of a melodrama: "I'll not be for any man but the one who has given me this little grant of applause; but Mr. Lisner—Boss Lisner—leaned forward over his back and smiled a crooked, satirical smile.

FEAR ASSASSINATION. London Police Taking Every Precaution to Guard King of Portugal in His Court.

(BY DIRECT WIRE TO THE TIMES.) LONDON, Nov. 10.—(Exclusive Dispatch.) Precautions even more elaborate than those taken in connection with the journey of King Alfonso of Spain are being taken by the Portuguese police in connection with the visit of King Manuel to this country next week to court Princess Alexandra, grand-daughter of King Edward.

Scotland Yard has been informed of plans made in Portugal to secure the assassination of the young King.

For months past, all suspected persons from abroad staying in England have been kept under the closest observation, and detailed reports of their movements and descriptions of the persons with whom they have been associated are being made.

Very early in the evening, one of the battalions was seen to be moving, and the crowd began to take to the boats. The excitement of receiving the returns soon flickered out at the headquarters of Oscar Farish in the Exchange building. He was the first to admit he was beaten.

The crowd that gathered there when the polls closed drifted off. Farish and a dozen of his friends waited for the result, without hope.

Farish, who stayed around all evening, accepted his defeat very coolly and gamely. Early in the evening he admitted that he had no chance of

3-Day Sale All Marvel's Trimmed Hats

The very fact that we do such an enormous share of the millinery business of Los Angeles sometimes makes it difficult for us to correctly gauge the extent of our buying. Our tendency usually inclines toward under-buying—but a survey of our stock now shows that we've been overstepping the mark lately. And we hasten to right matters by sacrificing our entire stock of trimmed hats for three days only.

Thursday, Friday and Saturday

As is always our custom—we take the quickest possible short cut to our purpose. No halfway, make-believe price cutting goes here. The "sale" at the Marvel is a safe signal for the economical woman to get her buy. So, if you need a trimmed hat—it will pay you to buy it within the three days. All our new trimmed fur hats, and beaver hats—and silk velvet hats, and felt hats are included—and misses' and children's, too.

reminded that an election was in progress only by the flying automobiles marked with candidates' names or by the groups discovered at polling places. The only business interrupted was that of the saloons, which were closed, according to law, from the opening to the closing of the polls. Public business went on as usual and the whole day was uneventful.

Inside the voting places the character of the election was unchanged. Voters came in, signed the clerks' books, and entered the booths and left, with about as much ceremony as they would buy soap at a grocery. Beyond the legal distance—100 feet from the polls—workers for the candidates were busy passing cards, but the voters were non-committal as to their intentions.

The "early" vote was discouraging to all. In a majority of precincts it was lighter than the most fearful had imagined up to 2 o'clock. After that hour it improved, and the "noon" vote brought the totals up to reassuring figures.

Very early in the morning, the polls were opened later than 8 o'clock, and there were few calls upon the City Clerk for assistance or supplies during the day.

One of the early reports was that the ballots when folded were being spoiled by reproduction of the ink on the squares marking votes. In several precincts where ink had been placed in liberal quantities on the pads voters returned spoiled ballots. This led to instructions from the City Clerk to use care in the preparation of the pads so that the unwary would not be caught by this accident and lose their votes.

Many ballots were spoiled by others who got tangled up in the wilderness of Councilman candidates and found they had voted someone they didn't want to, and more than they were allowed to vote for by law.

FULL "GOO-GOO" VOTE. The nomination of Alexander was accomplished by the full strength of the Good Government party. There was none who had any reason to vote against Alexander, and all that was expected was the strength he showed at the recall election, which was about 14,000 votes. The vote for the other candidates was antagonistic to Alexander from any point of view and really represents the odds against him when the election comes. The vote for Smith, Musket and Farish combined is many thousands greater than the greatest strength of the Alexander forces and will instantly unite behind the Republican nominee, George A. Smith.

The hope that the thousands of loyal friends that aided Musket in his valiant struggle would turn to Alexander is futile, for they are alienated from the Goo-Goo candidate because of the

very sound in the courtroom. Several regular court attendants, generally present at trials, were generally snatched for imaginary bootacks and alarm clocks. The judge apparently thought badinage of the immortal bard who had written the "Voices of the Night," and tried to continue the trial.

There was to be no peace in the courtroom. Two big cats took position on the porch rail, while the other two stood on. They assumed Johnsonian attitudes and proceeded to exhibit an exhibition of the wildest fistic art surpassed. The wild big lighting in the performance was the presence of the sporting writers. Davis tried to appear uncon-

cerned, but couldn't, and at last the bailiff tiptoed over to the telephone and called on the sheriff.

"Send some one over to that balcony and stop that cat fight, so the trial can continue," he commanded.

Deputy Sheriff Gillis was detailed to put out and to the performance.

He went around to the New High-street entrance of the house, climbed over several banisters and finally got up to the balcony.

Luck favored him with the presence of a collection of assorted tinnies. These he threw at the warring felices. For a few moments the yowling and banging ceased, but the cats went tumbling out of sight, quiet was restored and the court resumed the hearing.

Office of The Times, No. 24 S. Raymond Ave.

PASADENA, Nov. 11.—No action of the City Council in years has so thoroughly excited the people as the passage of the ordinance on Tuesday imposing a heavy fine and imprisonment on the owners of any dog found "at large." The ordinance is short and simple, but has called forth many questions. The interpretation of "at large" is discussed. The City Attorney says it means that no dog will be allowed off its owner's premises unless chained. Another question is whether the police department or humane society will do the arresting. Mayor Barley states that it will be the duty of the police, but Chief Wood thinks the humane society should look after it.

Many dog owners state they will not stand for the ordinance. They say they have paid for licenses allowing the dogs to run loose and they will fight the constitutionality of the ordinance through all the courts.

No arrests were made yesterday because there was a difference of opinion as to when the ordinance became effective. It was not until yesterday afternoon and the police state it was not effective until published. The City Clerk said it was effective at once. At any rate, all admit the ordinance will come into force today and many arrests are expected because several dogs were "at large" yesterday and the ordinance will be "at large" today. However there were fewer dogs seen on the streets yesterday than ever before.

With but few exceptions, they went to chains. If the owner was on foot, he or she led the dog. If on a bicycle, it was in a cage. If the dog was either inside the vehicle or attached behind. Many automobiles had dogs inside and to two or three, depending on the size of the dog, was a new one to the City Council and now it is hoped every automobile owner will tie a dog on behind, which will insure the speed limit not being exceeded, because Pasadena dogs are not able to run faster than twenty miles per hour and keep it up for any length of time.

THEIR NEW IDEA.
The members of the City Council have run across a new idea which they think will solve the vexed question regarding keeping chickens within the city limits. This matter has been before the Council at nearly every meeting for the past three months, and two weeks ago the petition concerning it was laid on the table, where it was hoped it would stay. But it did not.

It came up for further consideration yesterday. The new idea is to make it a local option affair. That is to pass an ordinance providing that on a petition of two-thirds of the residents of any block in the city the Council will enact a law for that particular block regulating the keeping of chickens in accordance with the expressed wishes of the signers of the petition.

KING'S DAUGHTERS.
The annual convention of the Southern California branch of the International Society of King's Daughters will be held in the Pasadena Presbyterian Church today and tomorrow. It will be opened this morning by an address of welcome by the pastor, the Rev. H. E. Hunt. The first speaker will be the president of the Pasadena circle, followed by an address by Miss Georgia Libby, first vice-president of the International Society of New York. A musical program has been arranged for the evening.

HIDDEN TREASURE.
Col. Perry Kewen of South Pasadena, one of the oldest residents of Southern California, having emigrated here in the 1840s, spoke before the Men's Club of All Saints Church last night. He said there is an old Indian story to the effect that many years ago a Dutchman named Picholok, who was employed by the Spanish as a guard, buried gold to the value of \$200,000 underneath the ground near the old Spanish mill now included in the beautiful grounds of H. E. Huntington. As near as he can figure it from the records and stories of the Indians, the treasure was hidden about where the beautiful new mansion of Mr. Huntington is being built. Col. Kewen states that since he came to this country this ground has all been dug over many times in an effort to find the gold. Other oldtimers state they have also heard of the yarn, but in later days it has generally been regarded as a fairy tale. However, Col. Kewen is inclined to believe that some time the gold will be found.

SERVES RESTRAINING ORDER.
The Euclid Avenue Water Company has served a restraining order on the city of Pasadena to prevent further interference with its pipe line until the merits of the case can be decided by the Superior Court. The city officials are cited to appear next Monday morning when the question of an injunction will be argued.

The local Elks are arranging for a special train to take them to Riverside on the 15th inst.

LEASES RESIDENCE.
Metecary Ward, head of the big mail-order house of Chicago, has leased the residence of W. J. Williams, No. 24 Madison Drive, for the winter. Mr. Ward and family are expected in Pasadena about the middle of December.

Mr. and Mrs. Percy Pryor will arrive in Pasadena from Oakland next Tuesday, to visit the former's parents for the winter. Mrs. Pryor was formerly Miss Florence Oakley.

Mrs. Peter Orban entertained at her home, No. 115 South Pasadena avenue, in honor of a large party of officials of the Eastern Star. The afternoon was spent playing Five Hundred. Decorations were in chrysanthemums and ferns. Refreshments were served.

Mrs. James Lippincott of Pittsburgh, formerly Miss Constance Morrison, arrived this week for the winter. She will visit her sisters, the Misses Morrison, and brother, Willis Morrison, No. 161 North Madison avenue.

CHRYSTANTHEMUM FESTIVAL.
The Junior League of the Universalist church will give its tenth annual chrysanthemum festival in the church parlors this evening. Dr. Emily Hunt will deliver an address on "Birds." A musical program has been arranged.

Mrs. Fred Raymond Emery gave a delightful entertainment to the five hundred club at her home, No. 48 Del Rega Drive, yesterday afternoon. Decorations were autumn flowers and leaves. The affair was the first of a series of card parties to the two sets. Mrs. Emery will entertain again today and tomorrow.

Chief of Police Dismah of Los Angeles has notified the Pasadena police that he has just recovered a watch which was stolen from a Pasadena boy named George R. Gregory on December 24, 1921. The watch was stolen from Gregory while he was on an electric car going to Los Angeles. He afterward left for San Francisco and his present address is unknown.

DEMANDS JURY TRIAL.
James Hawkins, the colored chauffeur who ran over and killed a valuable dog at the corner of Colorado street and Euclid avenue, a day or two ago, appeared before Police Judge McDonald yesterday morning. He demanded a jury trial. He was driving an automobile belonging to Dr. S. S. Crow, who lives at the Van Nuys Hotel, Los Angeles. Several witnesses state Hawkins was running from thirty to fifty miles an hour when he killed the dog.
